PERSONAL PROFILE

Ability to maintain confidentiality, integrity and a high code of conduct. An effective creative thinker and doer, able to work independently(with minimum supervision) and efficiently.

TECHNICAL SKILLS I have an intermediate to advanced knowledge of Java, JavaScript, Node.js having used the languages for almost three years. Am a passionate full stack developer in both Web and App development. I design websites, apps and also manage and maintain them.

BACKGROUND INFORMATION

I was born and raised in a Christian based family having both parents at Ndivisi ward in Makuselwa sub-location, Namarambi location, Webuye-East constituency in Bungoma county. Am a God fearing person with a positive attitude of coming up with the solutions to tech problems facing uncivilized remote areas in the county.

I do believe in myself that nothing is hard when well practiced and having experienced of it. Besides the skills acquired in class, am a leader based person who can manage my workmates and the clients as well, with dream of encouraging and motivating youths to enroll in IT courses so as share more ideas and coming up with solutions to tech problems.
